

# Rock Climbing

## Devil's Lake, Wisconsin

The Northwest Passage - 800.732.7328 - [www.nwpassage.com](http://www.nwpassage.com)

### *Trip Highlights*

Have you ever felt the exhilaration of lowering yourself over the edge of a cliff while on rappel? Have you stood atop a rock face that you have just climbed? If you have, you know that there is nothing quite like the feeling of rock climbing. If you haven't, then it's time to give it a try! For twenty years The Northwest Passage has been providing people with the unforgettable rewards of rock climbing. We'll take the time to teach you the important skills needed to be safe and comfortable on the rock. We'll also provide you with as much instruction and/or support as you need to make it through a tough move. Whether you are a first time climber or an experienced rock hound, you'll be right at home with our instructors and guides. For this weekend climbing program we'll spend our time exploring the beautiful quartzite butresses at Devil's Lake.

We'll spend the two days covering the basics of rock climbing; from equipment use and care, rappelling and safety systems, to movement on rock and bouldering. You are not limited to just climbing, Devil's Lake offers outstanding hiking options for those looking to explore. After a full day of hiking or climbing head down to the lake for a dip or relax under a tree as your guides will prepare an unforgettable dinner, spend the rest of the evening sharing stories by the camp fire.
