NEW TRIP HIGHLIGHTS

We can no longer resist kayaking in Atlantis - or so some call Santorini, one of the most dramatically beautiful of the Greek islands. Santorini is the name of the island chain consisting of 5 islands formed through dynamic volcanic forces. Our adventure will focus on the largest of the islands Thira with paddling excursions to the lesser visited Thirasia. We'll be sleeping next to the sea in traditional Cycladic inns, kayaking the deep blue waters of the ancient volcanic caldera, and hiking to an ancient city high above the Aegean sea. Dazzling sunsets and unique wines make Santorini a splendid new addition to our roster of indulgent adventures. Join us as we explore the most famous of the Greek islands - Santorini - as it has rarely been seen before - by kayak.

Again thank you for joining us on this exploratory sea kayaking adventure on the Islands of Santorini. For over 25 years, The Northwest Passage has been exploring the farthest corners of our globe. We are overjoyed in your commitment to continue that journey. As adventurous souls you will find the opportunity rewarding on so many levels. The Northwest Passage encourages you to be flexible throughout our exploration; please do not hesitate to share questions or concerns.
