

Door County Sea Kayaking

skill level
1
sea kayaking

Known as "the Cape Cod of the Midwest," the clear, calm waters of Green Bay, scenic coves and sandy beaches all invite you to learn sea kayaking skills in Door County, Wisconsin. On these instructional weekends, we will camp outdoors at a local campground, and spend two days learning paddling and rescue techniques. Join us for a unique way to explore this beautiful portion of Lake Michigan.

Our sea kayaking trip to Door County, WI is one of our most popular trips. With one day spent on Lake Michigan and one day spent on Green Bay, we have the unique opportunity to view the peninsula from two perspectives.

We meet on Friday evening and settle in to our campground and get acquainted. On Saturday we will spend the morning refining our skills on Lake Michigan with an afternoon paddle up the Mink River or towards Newport State Park. Countless bays and coves provide numerous opportunities for exploring. In the

evening we'll relax over a hearty meal and enjoy conversation around the campfire. Sunday will find us on the Bay touring several islands with plenty of opportunities for relaxing breaks. An early afternoon departure ensures you'll be well rested from your exciting weekend adventure!

- ➔ 2 days, 2 nights
